Summary Statement:

The existing provisions of §7-105 provide that if a dog tag is lost or destroyed, the license holder is to obtain a "duplicate tag" from the police department. The language, as written in the proposed ordinance, provides that a new tag must be purchased. "Duplicate tags" are not available, as the dog tags are issued in numerical order, and no duplicate exists. Thus, there is the need to revise the language to require that a new tag be purchased (which will have a new serial number). The ordinance simply brings the language in the municipal code in line with the current procedures related to replacing lost or destroyed dog tags.
